CUTTING-EDGE TECHNOLOGY AND COMFORT

The new M-BT remote control integrates in a single device all the JMA's remote range's functions. It duplicates the 95% of the fixed codes and more than 40 rolling code brands using the latest mobile technology. This system could not be more comfortable and easier: connect your M-BT remote to your mobile phone via **Bluetooth** and use the **JMAREMOTESPRO** APP, desinged to generate and duplicate remote controls.
